ELECTRIC FRANCHISE ORDINANCE WILL BE VOTED ON TOMORROW

PROPOSITION TO GRANT SHOLTZ AND ASSOCIATES PRIVILEGE TO BUILD AND MAINTAIN PUBLIC POWER PLANT.

Tomorrow the qualified voters of Daytona will either ratify or reject the ordinance passed by the city council on November 23, 1914, looking to the granting of a franchise to "Michael Scholtz, his associates, assigns, or legal representatives," who desire to construct, maintain, and operate an electric lighting, heating and power system in the said city of Daytona, and to supply electric light, heat and power to the city of Daytona and the inhabitants thereof. The term for which the franchise is asked is 30 years.

The more important provisions of the ordinance are these:

No poles to be placed on Beach street between First and Cottage avenues, and wires to be placed underground.

Maximum rate to be charged individual consumers of current not to exceed ten cents per k. w. hour, and maximum rate to be charged the city not to exceed five cents. A minimum charge of \$1 per month is permitted for dwellings. The company is required to furnish, without charge, meters and necessary wiring to users of current.

The city is to have the right to purchase, at a fair valuation, the plant or such part of it as may be desirable, either at the end of 13 years or at the expiration of the franchise.

Within six months from the date the ordinance becomes effective the company is to have in operation a plant adequate to supply current users along Beach street, and to the rest of the city as soon thereafter as "practicable and warranted." The plant must run 24 hours daily except during the months from May to October, inclusive.

Upon the request of one bona fide consumer the company must extend its mains or lines a maximum distance of 30 feet, but may require the

consumer to pay in advance \$12, said sum to be applied "upon current used by such consumer during the ensuing year."

Within ten days after the approval and acceptance of the ordinance the company must furnish bond in the sum of \$10,000, as a guarantee that it will fulfill the terms of the franchise. Failure to do so renders the franchise void.

The election will, as usual, be held at the city hall, and will be under the direction of Geo. F. Smith, E. W. Greene, and J. L. Lynch, inspectors, and E. L. Bond, clerk. The polls will open at 8:00 a. m. and close at sunset.

Considerable interest is being manifested in the franchise proposition, and it may be that a lively fight for and against it will develop before the election is over.

All registered voters who have paid poll tax for 1912 and 1913 are qualified to vote tomorrow.

THE WEATHER.

NEW RECTOR OF ST. MARY'S CHURCH TO PREACH SUNDAY

certain species of mosquitoes, and that it easily may be prevented.

"This," says the service, "is another evidence of the fact that sanitarians in their efforts to conserve one of the most valuable of human possessions—health—are turning to the young instead of the old and adopting new methods for health improvement. What has been called the most powerful agent of civilization, the public schools, are being utilized to this end."

"What is malaria?" is the first question asked in the "catechism." Then follow question after question in natural sequence to impress on the minds of the children just what malaria is, what causes it, how it is taken and the simple means necessary to prevent it.

To make the "catechism" more attractive to the young, that text is supplemented by a series of illustrations by means of which, it is stated, teachers will be able to identify these pests.

It is the hope of the health service that when "such simple," but important, facts shall have been learned

NEAR-DROWNINGS IN HALIFAX MONDAY P.M.

DAYTONA BEACH BOYS HAD NARROW ESCAPE WHEN THEIR BOAT CAPSIZED—RESCUED AT LAST MOMENT.

Two 14-year-old Daytona Beach boys, Henry Herbert and Floyd Herick, are not likely to venture out in the Halifax river again in a boat too small for safety. They tried the dangerous project, and but for the fortuitous arrival of help at the "psychological" moment would have been drowned. At about 1:00 o'clock Monday afternoon J. W. Livingston, keeper of the toll house on the concrete bridge, heard cries for help, and upon investigation discovered the two boys named struggling in the water on the north side of the bridge. They had been hunting ducks and their little boat overturned in deep water about 100 yards from the near east support more substantial than water. They succeeded in reaching a palmetto post to which they clung until rescued. J. H. Donnelly happened along in his car at a most opportune moment, and on learning of the boys' peril rushed to Daytona Beach for a rope. Hurrying back he and Mr. Livingston threw the line to the frightened youths and drew them up on the bridge, exhausted, almost speechless, and shivering with cold.

During the time Mr. Donnelly was gone for the rope Mrs. Donnelly talked to the boys from the bridge, encouraging them to hold on to the post until they could be reached.

The rescuers were amused at an incident connected with the boys' near-drowning. It was noticed that one of them had a metal match box in his mouth as he was drawn out of the water. Inquiry disclosed that the box contained a hunting license. The boy was determined that it should not be lost, notwithstanding the fact that its presence in his mouth further imperiled his life. The boat sank in about eight feet of water and was lost.

Herbert and Herick were sent home for dry garments, and after donning them were apparently none the worse off because of their thrilling experience.

CANADIANS ANXIOUS TO GET BACK TO DAYTONA

John Milne, writing from London,
Ontario, Canada, under date of De-
cember 22nd, says: "Please hold my
Gazette-News, January 1st and subse-
quent issues, as I expect, with Mrs.
Milne, to be in Daytona about Janu-
ary 5th or 6th, and will occupy our
bungalow on South Ridgewood ave-
nue. We are anxious to get to sunny
Daytona. The weather here for the
past week has been about the zero
point and splendid sleighing." Mr.

Milne would have been disappointed
in the sunshine had he been in Day-
tona recently, but probably by the
time he reaches here Florida weather
will again prevail.

Crew Lived on Shark Flesh.
Shark flesh was the fare of the
crew of the steamer "Gallia," which
recently arrived at Colombo, Ceylon.
She arrived on one engine and im-
provised sail. Trouble commenced on
the outward voyage after leaving the
Seychelles on June 16 and there were
frequent delays. Fresh food gave out
and on arrival at Colombo the coal
was finished, the last meal was eaten
and water was nearly out. The en-
gineers worked splendidly day and
night. The crew and passengers con-
sisting of one European and ten Cen-
lones, lived on shark flesh.

THE WEATHER, ESPECIALLY IN FLORIDA, TO BE PLEASANT

Winter's record-breaking cold wave,
which covered most of the coun-
try from the Rocky mountains to the At-
lantic coast has been broken and
generally rising temperatures are
predicted for the next few days.
Forecasters say the temperatures al-
ready were moderating everywhere
east of the Rockies and north of the
Mason and Dixon line. In the south-
ern states temperatures will be raised
to normal seasonal averages by Tues-
day and Wednesday.

TEACHING CHILDREN TO CARE FOR HEALTH

PUBLIC SCHOOLS TO BE UTILIZED
IN SHOWING CHILDREN HOW
TO PREVENT AND TREAT MA-
LARIA.

WASHINGTON, Dec. 29.—The Children's Catechism on Malaria. This is a new course of study that is to be added to the "readin", "ritin" and "rithmetic" and various other things that the teachers endeavor to implant in the minds of the boys and girls in Uncle Sam's public schools.

The catechism has been devised by the United States public health service and it is aimed to teach the children that malaria is conveyed only by certain species of mosquitoes, and that it easily may be prevented.

"This," says the service, "is another evidence of the fact that sanitarians in their efforts to conserve one of the most valuable of human possessions—health—are turning to the young instead of the old and adopting new methods for health improvement. What has been called the most powerful agent of civilization, the public schools, are being utilized to this end."

"What is malaria?" is the first question asked in the "catechism." Then follow question after question in natural sequence to impress on the minds of the children just what malaria is, what causes it, how it is taken and the simple means necessary to prevent it.

To make the "catechism" more attractive to the young, that text is supplemented by a series of illustrations by means of which, it is stated, teachers will be able to identify these pests.

It is the hope of the health service that when "such simple," but important, facts shall have been learned

by children, "they will convey this information to their homes, and thus spread the gospel of sanitary science."

The interest created in the children by this "catechism," it is expected, will result in the elders as well as the young taking greater care to eliminate the breeding places of the malaria-carrying mosquitoes. The service also advised that quinine be consumed by the old and young to destroy the infection in their bodies that may be conveyed by the pests that escape destruction, and that their homes be screened to guard against the bites of the mosquitoes until malaria shall have "ceased to be the great menace to health and prosperity it is at present in many parts of our country."

It also is urged by the service that the "catechism" be put in the schools and its liberal use encouraged by boards of education and teachers wherever malaria prevails.

DEATH CLAIMS A WINTER RESIDENT

CAPT. JACK MENZIES, A WELL
KNOWN WINTER RESIDENT,
DIES AT SOUTH RIDGEWOOD
AVENUE HOME.

Capt. Jack Menzies died Monday night at about 11:00 o'clock at his winter home on South Ridgewood avenue. Funeral arrangements are awaiting the arrival from Detroit, Mich., of Henry Menzies, a cousin of the deceased, who was telegraphed and wired that he would be in Daytona tomorrow.

Capt. Jack Menzies and his mother, Mrs. M. Menzies, have been coming to Daytona for the winter season for many years, from Amherstburg, Canada. They were at various times guests at the Palmetto, the Desland, and the Cleveland hotels, spending six winters at the latter house. For several years they have occupied one of J. G. Brown's cottages on South Ridgewood avenue, Capt. Jack purchasing the house on their arrival in Daytona the past fall.

Capt. Jack has been a paralytic for many years and his mother also has

been an invalid for several years, making it necessary for them to have an attendant.

Capt. Jack had been in failing health for some time but his death was probably hastened by a fall he sustained several weeks ago which resulted in a fracture of the bones of one of his legs. The extent of the injury was not realized at the time and the fracture later gave considerable trouble. The deceased was 61 years of age.

Generous Little Soul.

Dogs in Hot Countries.

Dogs, probably the earliest of domesticated animals, when transferred to a tropical country, such as central Africa, lose in a few generations most of the characteristics they have acquired in Europe, and revert more and more to the type of the jackal and the wolf. Then their ears, whatever their breed, tend to become pointed, their coats turn sandy or rufous, and their bark becomes a howl. Some attempt has been made to show that this is the result of disease and resembles the effect of malaria on the human constitution. Yet the Egyptian dog of Pharaonic times possessed, as is seen by the monuments, these very characteristics; and as he was certainly domesticated before the European animal, it is probable that these are original features of the race.

"That's right. By the way, why weren't you at the polls the other day? Didn't you want to support the party?"
"Yes, but my wife wouldn't let me."

LAST 1914 MEETING MUNICIPAL COUNCIL

CITIZENS NORTH OF VOLUSIA WANT NIGHT WATCHMAN. COMPLAINT ABOUT "BALLYHOODING"—COMMISSION GOV'T.

The last regular meeting for 1914 of the Daytona city council was held on Monday night at the city hall, with President Henry Schmidt, Councilmen Stevens, O'Brien, Smith and Klock, Mayor H. T. Titus and City Clerk Porter present.

Through its secretary, Benford Deacon, the board of trade directed attention to the bad condition of the Volusia avenue roadway. The matter was referred to the street committee.

Citizens in that area of the city between the north side of Volusia avenue and the north side of Fairview and from Beach street to the west side of Ridgewood avenue presented a petition asking that Jesse B. Creech be designated as night watchman for that section from January 1st to April 1st. The signers of the petition agreed to pay \$60.00 per month of the expense thus involved. Mayor Titus was given authority to act in the matter, and it is likely that the watchman will be put on.

Permission was granted McCoy Bros. to construct a dock at the foot of Magnolia avenue.

Mayor Titus informed the council that he had recently received numerous complaints about advertisers' "ballyhooing" through megaphones on the streets, and asked for special authority to deal with the complaints. He was referred to the ordinance relating to the abatement of nuisances.

Eleven claims against the city amounting to \$1,468.57 were approved and ordered paid. In accordance with previous arrangement, Theodore Hofstatter appeared in behalf of the Daytona board of trade to discuss the commission form of government for municipalities, a subject which has claimed more or less local attention for some time. Mr. Hofstatter was given the respectful and attentive hearing he deserved. By his lucid remarks and thorough conversance with his subject the speaker demonstrated that he has given the commission-government matter a most painstaking investigation, and many of his auditors were visibly impressed. No action whatever was taken by council at this time, but something may be done at some subsequent meeting.

Roman and Greek Customs.

Many things that among the Greeks are considered improper and un-litling," wrote Cornelius Nepos in the preface to his "Lives," "are permitted by our customs. Is there by chance a Roman who is ashamed to take his wife to a dinner away from home? Does it happen that the mistress of the house in any family does not enter the anterooms frequented by strangers and show herself among them? Not so in Greece; there the woman accepts invitations only among families to which she is related, and she remains withdrawn in that inner part of the house which is called the gynaeceum, where only the nearest relatives are admitted."

CHURCHES TO HOLD A WEEK OF PRAYER

BAPTIST, METHODIST, CONGREGATIONAL AND CHRISTIAN CHURCHES TO UNITE IN PRAYER MEETINGS.

The Methodist, Baptist, Congregational and Christian churches will unite in Week of Prayer services all next week with the exception of Wednesday night, when each church will have its regular prayer meeting.

The pastors held a conference Monday morning at the Baptist parsonage and the following plan was outlined for the week. On Tuesday evening the Congregational church will be the meeting place and the pastor, Rev. W. J. Drew, will be in charge. Wednesday evening will be devoted to the regular prayer meeting service in each church with the pastors in charge. Thursday evening the gathering will be at the Christian church and the pastor, Rev. S. L. Jackson, will have the leadership. The closing service will be held at the Baptist church on Friday evening and the pastor will have charge.

It is earnestly hoped by all pastors that so far as possible the members of the churches and congregations will put aside all other social engagements for the week and thus prepare to aid in every way to make those union services of spiritual help to the churches and the community.

Child Reared by Wild Creatures.

A female Mowgli has been discovered in the hill resort of Nani Tal or United Provinces, India, where a wild-looking creature, evidently a female child, since there are vaccination marks on both of her arms, has been discovered in the jungle. Exposure has caused a thick growth of hair down each side of the face and spine, which gives her the appearance of a monkey. She evidently has always walked upright, but her sitting posture is that of a monkey, as are all her actions. She is, of course, unable to talk. The indications are that she was abandoned in infancy and that monkeys were her foster parents. The natives in the bazaar, however, declare that the child was reared by bears.

He Got the Cheapest.

Old Hiram Pincheon was a born trader, and a penny pincher besides. He was never willing to pay the price of anything he wanted, and all the shopkeepers at the village dreaded to see him enter their stores. One day he did a little trading at Nelson's shoe store. He tried on a dozen pairs of boots, but could find nothing that was not too expensive. Then he guessed he would get a pair of rubbers. He rejected a pair that cost a dollar, and another that cost 65 cents. Finally the clerk brought him a pair for 50 cents. They seemed to fit well enough, but Hiram was still dissatisfied. "Hain't ye got any rubbers that are cheaper?" he asked. "No, sir," declared the irritated clerk, "we haven't. That pair you've got on is the cheapest, poorest, most no-account rubber that is made!" So Hiram bought them—Youth's Companion.

EMPLOYEES GAVE BLALOCK HANDSOME XMAS PRESENT
One of the most highly pleased persons in Daytona with his treatment by Santa Claus is Ira A. Blalock, superintendent for the Public Service company. Mr. Blalock is something of a "kodak fiend" and this fact was known to 25 other persons employed by the Public Service company, so they gave him a handsome and expensive camera for a Christmas present. Accompanying the gift was a letter, signed by the 25, expressing appreciation of Mr. Blalock's superintendency.

GERMAN-AMERICAN CHRISTMAS FESTIVAL

SECOND ANNUAL CHRISTMAS CELEBRATION BY GERMAN-AMERICAN CLUB WAS LARGELY ATTENDED AND MUCH ENJOYED

The German-American club of Daytona held its second annual Christmas festival at the Arcade on Sunday evening, and notwithstanding the bad weather a large number of the members and their families and guests were present.

The rear of the hall had been turned into a miniature pine forest, which was used as a background for the Christmas tree, which had been sent from New York especially for the occasion. The tree was beautifully decorated with ornaments and electric lights.

The president of the club, Ernest Krietzberg, addressed the guests and members in German and Chas. F. Burgman made a few remarks in English.

A recitation by Clara Intemann in reference to the appearance of Santa Claus brought brought that personage

PALMETTO CLUB WILL OBSERVE ANNIVERSARY

TWENTY YEARS HAS ELAPSED SINCE FOUNDING OF THE LOCAL LADIES' CLUB—PAST PRESIDENTS, HOSTESSES.

The Palmetto club holds its regular meeting on Thursday at the Orange avenue home of the organization. The meeting marks the 20th anniversary of the founding of the club, and presents of the members, to the club, will take the form of donations to the building fund.

Greetings and notes from the past presidents of the club, who will also act as hostesses of the afternoon, will make up the program for the afternoon, together with numerous musical selections.

The peculiar interest, which centers about the 20th celebration of the organization of the club, will undoubtedly cause an even larger attendance than usual, especially if the weather continues in the pleasant vein of today. The past presidents

of the club, who are slated for short talks during the meeting are, Mrs. Higgins, Mrs. Ruger, Miss Potter, Mrs. Esch, Mrs. Raynor, Mrs. Weaver, Mrs. Stillman, Mrs. Thompson and Mrs. Mitchell.

"Aren't you afraid your candidates will be defeated by the woman vote?" "We haven't the slightest fear of the woman vote." "But it's dead against your men." "I know, but we've arranged with the big department stores to have bargain sales on election day."

Clara and Paul Singally each sang and recited in German. Miss Erna Barry, Baby Kost, Marie and Ernest Krietzberg recited in English, and during the evening a number of old-time German songs were sung.

Santa Claus presented each one with a stocking filled with toys, candies and nuts; also an orange and box of candy.

Herman Intemann, Jr., dressed as Santa Claus, appeared with his sack filled with various articles which he sold. These and various other articles had been presented to the club, the proceeds of the sale of which will be used for the German widows and orphans of the European war.

The ladies' auxiliary of the German-American club, who were in charge of the affair, deserve a great deal of credit for its very successful issue. They extend thanks to their friends for the many donations received.

EXPERIENCED RIDING MASTER IN DAYTONA FOR SEASON

Prof. W. A. McCallen, of Springfield, Mass., arrived in this city yesterday with five head of horses, having come by boat to Jacksonville, driving them

Mr. McCallen has opened a riding school at the Fountain City Stables, corner Live Oak and Palmetto avenues, where horses and all up-to-date equipment are offered for hire. Professor McCallen has had 25 years' experience as an instructor in riding, and his services should be in demand by all lovers of this most fascinating sport.

GREAT CHRISTMAS FOR INSANE PEOPLE

CHATTAHOOCHEE INMATES GIVEN CHRISTMAS TREE AND AMATEUR SHOW BY SUPERINTENDENT TRAMMELL.

CHATTAHOOCHEE, Dec. 29.—The Florida hospital for the insane also had the Christmas spirit. Superintendent Worth Trammell provided a Christmas tree and an amateur show for the inmates. The tree was beautifully decorated, and was heavily laden with nuts and fruit and candy, all of which were distributed among the patients, everyone receiving a Christmas remembrance. After the band had rendered a selection Superintendent Trammell opened the exercises with an address to the patients and employees, giving words of encouragement and cheer to the patients and advice and counsel to the employees. When the superintendent had finished his address a detail of attendants distributed to the patients the things

which had been prepared for them. Much credit is due to Superintendent Trammell for his untiring efforts to make the life of these unfortunates as much of a "home sweet home" as possible.

He not only encourages the employees to get up the shows and entertainments, but takes an active part in them himself, going so far as to be one of the black face comedians in the show. The public as well as the inmates enjoy these entertainments and are always glad when an announcement is made that there will be a show at the hospital.

KNIGHTS TEMPLAR CONTRIBUTE TO THE BELGIAN RELIEF FUND
Secretary Benford Deacon, of the Daytona board of trade, received on Monday a donation of \$40 for the Belgian relief fund from Oriental Commandery, No. 9, Knights Templar, of Daytona. This is the largest donation to the fund since it was started several weeks ago with a contribution of \$50 by T. Fred Brown. The fund has been increased, however, from time to time by donations of varying amounts. Any contributions may be left at the office of the board of trade, 15 Orange avenue.

BISHOP M'ELWAIN DELIVERED ELOQUENT NEW YEAR'S SERMON

Bishop F. A. McElwain, who filled the pulpit at St. Mary's Episcopal church Christmas morning, presided at that church again Sunday morning, preaching to a large congregation, considering the inclement weather that prevailed. The bishop's theme was, "Press Forward," and he delivered an eloquent New Year's sermon from this subject. There was excellent music by the choir and a pleasing offertory solo by W. J. McDonald.

Presents were provided for all the children, books for both boys and girls, and candy in unique boxes of five-pointed stars of pink and blue.

There were pleasing recitations by several of the children who in turn enjoyed an interesting address by Bishop F. A. McElwain, who spoke to them of the meaning of the Christmas tree. It was throughout a very delightful Christmas celebration greatly enjoyed by both the children and the older persons present.

WILL NOT BE ABLE TO COME
TO DAYTONA THIS WINTER

John K. Price, of Marble Cliff, O., writing to this office in regard to subscription to the Gazette-News, adds: "We will not get to Daytona this winter on account of mother's poor health. We have moved to the city for the winter and are here at the Hotel Vendome, Columbus. It is awfully cold here, being down to zero tonight. It is not like good old Daytona weather."

Mrs. Price's many friends in this city and vicinity will regret her continued poor health and hope that it may so improve that she and her son, John, will be able to come to Daytona another winter.

That the present season is destined to be a successful one from the hotel proprietors' viewpoint, would be the natural inference to draw from the long list of registration at the various hotels of the vicinity now open. Almost all of the smaller family hotels are already well filled, and the larger hostleries of the Ridgewood, Despland and Prince George type, have large bookings for the entire season.

Among the arrivals at the Morgan for the latter part of last, and the first of this week are: Mr. and Mrs. Chas. Zimmerman, Columbus, O.; J. H. Maxey and daughter, Curran, Ill.; Mrs. Margaret M. Lutjen, W. P. Douglas and wife, Jacksonville; P. H. Falter and wife, Massena, N. Y.; A. W. Watts, Zanesville, O.; Mr. and Mrs. S. Seede-bottom, Providence, R. I.; A. J. Taft, Cleveland, O.; Mrs. M. Mr. and Mrs. E. Wells, originally of Chicago, are stopping for several days at the Prince George. Dogs in Autos.

The dogs love autos, too. There is no picture of happiness quite so impressive as when a dog is standing with its forefeet on the side of the auto bed and is looking out at the passing scenes. It is the happiest occupant of the vehicle. There is not an animal, not even a man, that enjoys a ride in an auto as much as a dog does. Note the bright gleam of its eye, the smile on its whole visage, as the machine sweeps down the street. A dog is very like a man—it likes to be going somewhere, and likes to be going fast. It doesn't care for any speed law and therein, again, it is very like a man. If an auto is filled with people and even with dazling damsels and there is a dog standing on his hind feet and looking out upon the fleeting world, the canine gets all the attention. The women are hardly noticed, as it is in the street where a woman is carrying or leading a dog—she is eclipsed by the canine.—Columbus Journal.

The children of St. Mary's Episcopal church Sunday school to the number of 20 or more enjoyed a Christmas celebration at the guild hall on Orange avenue Monday afternoon and quite a number of their elders were present as spectators.

A handsome Christmas tree had been procured by Masters Fromberger and Wetherell and towered to the ceiling of the hall. This tree was beautifully decorated, but the presents for the children were not hung upon it but occupied tables on either side.

As a background to the tree there was an interior scene, procured from the north, of a country house with a big open fireplace, over which were the words, "Merry Christmas and a Happy New Year." On the mantlepiece reposed a Bible and a pair of

SHOLTZ WILL LIGHT THE ENTIRE CITY

To the Voters of Daytona:

I am informed that at this last moment before the election for an electric light franchise, a report is being circulated vigorously that I am only required to and only intend to light Beach street, and that persons living in other parts of the city will not get the benefit of the ten-cent rate. I wish most emphatically to deny this assertion.

In the first place I have been unloaded at the station now two 100-horsepower engines, and one 75-horsepower engine, and which will be immediately installed, and which, together with the generators bought and on the way, will give me a plant of a capacity of over 350 k. w., or far more than enough to light the entire city of Daytona. It does not stand to reason that I would put in a plant of this size if I did not intend to supply all the light that I could, and you may rest assured that my lines will be extended over the City of Daytona as fast as the consumers demand it.

As a further assurance to the voters of their ability to get ten-cent current I would call their attention to section 11 of the franchise which provides that I must run my lines to any one consumer living within 300 feet of any of my lines, thus requiring me, under forfeiture of my bond, to extend my lines as fast as consumers demand the current.

I wish to state that this franchise was prepared by the city council, and, in their opinion, the rights of the public are safeguarded in every way, and it will be my desire, if granted the franchise, to sell all the light I can, to all the people I can and as soon as I can, and when I say this I trust that the public will remember that I have tried to carry out every promise that I have made to the voters of Daytona.

Yours respectfully,
MICHAEL SHOLTZ.

Parson.—Oh, yes; he passed a few nursery remarks.

Hotels in Buenos Aires.

The hotels in Buenos Aires are fairly good and very expensive. One of the cheapest rooms I saw in the Plaza hotel was seven dollars a day. European style. There are good Spanish hotels with rooms from two dollars a day upward. The Plaza is, perhaps, the most cosmopolitan of all the hostleries of the city. The meals are a little higher than in the big hotels of New York city. But there are numerous small restaurants where good refreshments may be had at reasonable prices. As an example of the charges in the big hotels of Buenos Aires, I may quote a story told me by an Argentine official. He said that some years ago a commission of European ambassadors was entertained by the Argentine government at the Bristol hotel on the Avenida de Mayo, and that the bill for soap and perfumery was \$15,000 a week. Nobody seemed to complain, and apparently everybody was satisfied. Luxuries seem to be necessities to the Argentines, for I was told that the tariff on champagne is only 2 per cent, while that on a plow is 50 per cent.—National Magazine.

VOTERS: READ THE FRANCHISE BEFORE GOING TO THE POLLS

(Advertisement.)

Before voting for the Sholtz franchise tomorrow, it is the duty of every citizen to read the proposed franchise and acquaint themselves with the provisions thereof. Particular attention is called to sections 11 and 12. Mr. Sholtz promised this city a franchise that would be complete and force the Public Service company to reduce the price of the current. Has he done this? Only for those chosen few living and having place of business along Beach street. He agrees to light the rest of the city only "as soon as practicable and warranted." Who is to determine when this will be? Mr. Sholtz. He is protected in and by his franchise to the end. He will only have to run his lines a distance of 300 feet along Beach street. See section 11. He does not say 300 feet west, only north and south. Does he mean to require of the citizen subscribing for his current a deposit of \$17.00? He will furnish such current? Sections 11 and 12 would so indicate. A franchise, the same as the Public Service Co. has, except that the rate shall be 10c, instead of 15c, would be only a competitive franchise that the citizens of this city would receive some benefits from. If Mr. Sholtz will agree to this he will be a public benefactor. The present franchise contains "a tiger in the wool pile" and will result to the benefit of Mr. Sholtz, only the voter should give the proposition serious consideration before voting.

The "Black Death."

The awful plague known as the "black death" appears to have passed by way of Armenia into Asia Minor, thence to Egypt and northern Africa, from which region it crossed the Mediterranean into Europe. Nobody will ever know how many were the victims, but careful estimates place the death list at 25,000,000. You are probably without warrant in fearing a repetition of that ancient plague in consequence of the slaughter now going on in Europe. Even should the pestilence start, modern science would in all probability be able to check it before it could do much damage.
